

We are here to help!

During COVID-19 pandemic, Auto Folks is giving back by offering any vehicle maintenance to health workers at a discounted rate. As every day passes, we can't help but be reminded of just how much the world is changing a COVID 19 continues to impact our communities across Canada.

Auto Folks is taking several actions to prevent the spread of COVID 19. We are strictly enforcing no contact with customers, simply drop off your vehicle and leave it for us to repair. All conversations about the service can be done over the phone. All vehicles are fully sanitized before repair and before pickup, upon completion.

Although we face so much uncertainty, one thing that remains consistent is the bravery of those working on the front lines. Starting now, we invite all health care workers to have their car repaired at a discounted labor rate. We are offering a labor rate from **\$150/hr** to **\$50/hr**. Please contact **Auto folks** at **604-533-7866**. All you will need to do is present your medical ID. This is a small thank you for all you are doing for our community. We hope to support many local heroes throughout the lower mainland during this challenging time.
